Moumita Sarkar

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic and accomplished Full Stack Web Developer with 3.5 years of expertise in web design. Proficient in the MERN stack, adept at delivering both solo and collaborative projects. Excels in leveraging Generative AI and rapidly mastering new tech stacks, demonstrating a commitment to staying at the forefront of industry advancements.

PROJECTS

1. ARTHUB | 🌐 | 🎨

React | React Redux | Chakra UI | Node.js | Express.js | MongoDB

- Collaborated in a team of 2 members to construct a diverse image collection website in 5 days.
- Designed the UI and implemented user authentication systems, enabling users to explore, share, and manage art-related images.
- Incorporated features such as image search, filtering, sorting, and user-generated posts with pagination.

2. BookHubX | 🌐 | 🎨

Angular | Node.js | Express.js | MongoDB | OpenAI

- Developed BookHUBX, a dynamic bookstore with community features in an 8-day solo project using Angular, Node.js, and MongoDB.
- Implemented user-friendly features for browsing, purchasing, and creating reading lists, incorporating Generative AI for adaptability.
- Integrated an OpenAI-powered chatbot for personalized book recommendations. Designed an interactive community section for discussions on books and authors.

WORK EXPERIENCE

Infowebment Solution and Consultancy Services

Web Designer

August 2019 - January 2023

Job responsibilities:

- Developed user-friendly websites using HTML, CSS, JavaScript, and Bootstrap.
- Designed brochures, logos, and ID cards with Photoshop and Illustrator.
- Collaborated with clients to deliver customized design solutions, exceeding expectations.
